

Pump Centre

MEMBERSHIP – LEVEL 2

(Valid until 31/03/22)

Annual Membership of the Pump Centre £1750 (Ex VAT).

The main benefits:

- Access to technical information and engineering support via an email/telephone helpline.
- The option to participate in technical forums and collaborative projects.
- 50% discount off the purchase of individual WIMES (Water Industry Mechanical and Electrical Specification) documents.
- The ability to contact the WIMES Co-ordinator to discuss all specification related issues.
- The option to exhibit **FREE** at the Annual Water Equipment Show exhibition.
- The opportunity to present at the Water Equipment Show conference.
- The option to exhibit at other Pump Centre Events (extra fee may apply).
- 30% discount off all Pump Centre training courses.
- 20% discount off technical awareness days.
- The option to attend many other discounted events.
- Networking opportunities with senior engineers and managers from across industry.
- The opportunity to participate in and host a technical awareness day.
- A link from the Pump Centre website to your company website.
- The **FREE** inclusion of technical articles in the Pump Centre newsletter.
- The option to stand for the Pump Centre Council and vote in the election.

To combine benefits of Level 2 & 3:

Additional fee of £1270 (ex VAT)

Please note:

Benefits and services are subject to change.

Our current schedule of face to face events has been disrupted by the coronavirus pandemic.

To incorporate WIMES as part of your own M&E specifications your company needs to join the WIMES project, please contact the Pump Centre.

To discuss your membership requirements.
